When workingmen have no employment they do not strike. Mr. BRYAN can stand up and safely promise that there will be no strikes when he is President.

JUDGE WALL'S Goebelitish friends make a marked discrimination between the Republican paupers and the Republican millionaires. They propose to disfranchise one, but not the other.

EUGENE V. DERS says he has no laith in the Democratic party, and that he has not the slightest fear of an "Empire." There are at least eight or nine million voters in this country who agree with Mr. DERS.

PROPLE who ride on millionaire passes over millionaires' railways are in excellent position to denounce Republicans as paupers and proclaim themselves as the "bone and sinew" of the whole governmental fabric.

JUDGE GARRETT S. WALL has "write a piece" in which he promises to vote a piece" in which he promises to voit for Mr. Kathos for Congress, notwith-standing the treachery of the "Kids," headed by Mr. CHARLES B. POYNTZ, when the Judge was the Democratic nominee in 1886.

If the real assassin of GOEBEL should be discovered by the "gang" now con-trolling affairs "under the forms of law," there are thousands of persons who could not be conviued of the fact by reason of the notorious Tom Camp-Bell's connection with the case.

JUDGE WALL says the Republican party is composed of but two classes—millionaires and paupers. As there are about 2,700 Republicans in Mason county, and not a millionaire in the lot, the conclusion of the Judge is irresistible that all of them are pau-

The sub-committee of the Senate The sub-committee of the Senate Committee on Elections had prepared a bill that was satisfactory to Democrate and Republicans, but under the whip of BLACKURN and MCREARW it was cut to pieces and made worse in some particulars than the Goebel Law. The minority election bill reported the Senate is the measure that had een agreed upon by both sides before LACKEURM and MCCERARY got in their work in behalf of dishonest elec-
